Serial No	
1	Memo No Ac Cyl 1227/33-4 dated 3-8-1933 from the Deputy Commissioner, Tumkur dist forwards letter No H C 30/33-34 dated 31st July 1933 from the President, Tumkur Town Municipal Council requesting sanction to the resolution of the Municipal Council that Government be requested to lend the sum of Rs 1,20,000 for the Drainage Scheme of Tumkur at the reduced rate of interest (either at 4½ or any other rate at which money can be raised) to be repayable in 20 annual instalments of equated payments 1) In this office letter No L 9666/M 1 129-30 dated the 8th June 1931 Government conveyed their willingness to advance a loan of Rs 120,000 to the Tumkur Municipal Council for the drainage scheme, subject to the following among other conditions - 1) that interest to be fixed at 6 / per annum 2) that the loan should be discharged in 15 annual instalments of equated payment 3) that a specific item of revenue should be ear-marked for the discharge of the loan 4) that plans and estimates of the Drainage Project should be approved by Government and that the loan amount should be

utilised only for this purpose ~~But~~ The Municipal Council expressed their readiness to abide by all the conditions except that of repaying the loan in 15 annual instalments, their prayer in this behalf being that the number of instalments should be raised to 20 ~~Government~~ After a full consideration of the matter, Government decided that the proposal might be deferred for a year and that in the meanwhile the Municipal Council might be ~~required~~ asked to show a definite improvement of their resources by a general revision of assessment and otherwise (Vide this Office letter No L 1210/171125-30-10 Dy 15-8-1931)

The President, Tumkur Town Municipal Council, states in his letter of 31 7 1933 that the Municipality would be in a position to pay back the loan amount on account of the increase of its income ~~by~~ from Mohatarfa and has shewn the necessity of the Drainage Scheme ~~It is seen~~ revision of assessment &c ~~It is seen~~ from the sanctioned Budget estimates of the Municipal Council that ~~there is the~~ the normal income is in excess of the normal expenditure by about Rs 12,000 and that the closing balance is just equal to the prescribed minimum

Drainage Scheme for Tumkur Town 3

General and Revenue Secretariat | File No 720/L 82 of 1933 | [App F III—2

Serial No 3) The current and past years Budget estimates of the Tumkur Municipality are put up as directed at para 2 supra

Flag 1 J

SECRETARIAT 21 SEP 1933

GENERAL

1419

4) The Municipal Council wants a loan of Rs 1,20,000 from Govt at 4½% or any other current rate of interest repayable in 20 annual instalments for the Drainage Scheme

5) The Present letter explains the previous history of the case & the ways & means for the Discharge of the loan

6) The Fin[ance] Secy[retary] is consulted on the report of the Mcpl

Fin Secy 1919

7)

21/9

Fin Secy 21/9

8) From the Budget estimates of the Tumkur Town Municipality for 1933-34 it will be seen that the anticipated normal income is in excess of the normal expenditure by Rs 12 000/- A loan of about Rs 80 000/- has recently been sanctioned (formal orders to be issued) to this Municipality repayable in seven annual instalments with interest at 5 per cent per annum in order to enable the Municipality to discharge the Debenture loan raised by it and towards this loan a sum of over Rs 11 000/- is payable every year by the Munici-

Municipality ~~xxxxxxxxxx~~ towards Principal (as against Rs 8,000/- provided in the Budget towards Sinking Fund for the debentures) If this is taken into account there will not be sufficient resources at the credit of the Municipality to repay the additional loan now asked for The Municipality may ~~however~~ be asked to send a report with reference to its present financial condition and commitments so as to know whether it will be able to repay the loan now asked for

9) As regards the terms of the loan it is to be stated that the rate of 5 per cent per annum charged in respect of loans recently sanctioned to the Bangalore City Municipality and other Local Bodies appears to be rather low considering the average rate of our past and present borrowings I would therefore suggest that the rate of interest may be provisionally fixed at 5½ per cent per annum in the present case as we don't know what exactly the conditions are likely to be when the loan is sanctioned and paid to the Municipality

10) In any case the rate of 4½% offered by the Municipality is too low and ~~involves~~ should involve loss to Government

20 In respect of the loan of about Rs 80 000/- already sanctioned for discharge of the Water Supply debentures about Rs 11 000/- is payable by the Municipality every year towards Principal and separate provision is necessary for the interest payable on the loan

21 The period of repayment of 20 years is very long and it should I think, be limited to a maximum of 15 years and the rate of interest should be at least 5½%. The loan can be sanctioned only if the Municipality agrees to these conditions and is found able to repay the loan according to these conditions

22 The total amount of loans to Municipalities already sanctioned during the current year exceeds the Budget provision The question of the grant of the present loan may be considered at the next Budget time

By this letter delayed by 2 days in submission such delay should be avoided

OFFICE OF THE PRESIDENT
TOWN MUNICIPAL COUNCIL
Tumkur Dated 31-7-1933

From H VENKATARAMIA Esquire, B A, B L
President, Town Municipal Council
TUMKUR

GEN & REV SEC
8 AUG 1933

To S N Appannaiengar, Esquire, B A, B L,
General Secretary to the Government of His
Highness the Maharaja of Mysore, Bangalore
through the Deputy Commissioner,
Tumkur District, Tumkur

GENERAL
7 AUG 1933

No. I have the honour to state that the Government have in their Order No. L.9666/M1 129-30-8 dated 8-6-1931 have agreed to grant a loan of Rs 1,20,000/- to this Municipality for the Drainage Scheme on the following conditions -

1 Interest at 6%

2 The loan to be discharged in 15 annual instalments of equated payments

3 A specific item of revenue to be ear-marked for discharge of the loan

4 Plans and estimates to be approved by Government and the money used only for this purpose

The matter was placed before the Council on 27-7-1931 The Municipal Council agreed to all the conditions except condition No 2 and requested the Government to raise the period from 15 years to 20 years so that the amount may be repaid with interest in 20 annual instalments of equated payments amounting to Rs 10,461-9-7 The Council further resolved that this amount was to be met from the toll realisations which were to be ear-marked for this purpose The finances of the Municipality was capable of paying this amount regularly on account of the increase of its income on the heads noted below:-

Savings at present from Normal income	Rs 5,000/-
Amount spent on drainage works every year	Rs 3,000/-
Amount expected to be realised from the General revision of assessment	Rs 2,400/-

The revision of Mohatarfa has actually resulted in an increase of Rs 2,500/- In addition to the Octroi duty has been sanctioned and-

and is being collected on betel leaves and this will bring in at least a sum of Rs 1,?00/- a year, and there is also a proposal to levy tax on articles sold in the Shandy which will bring in a sum of Rs 1,500/- a year Government in their Order No L 1210/Ml 129-30-10 dated 15-8-31 ordered that the matter may lie over for 1 year

On 30-5-1933 the matter was again placed before the Council and it was resolved that the Government be requested to grant the loan at a reduced rate of interest, either 4½% or at whatever rate of interest money can be raised at present, to be discharged in 20 annual instalments of equated payments, as the rate of 6% interest proposed by Government and accepted by the Municipal Council in 1931 is too high at present

A copy of the resolution is herein enclosed for reference

Under these circumstances I request you to kindly place the matter before Government and obtain sanction of the loan early as the neçessity for pushing through the Drainage Scheme is quite apparent after the introduction of the water supply into the town

I have the honour to be
Sir,
Your most obedient servant,

President,
Town Municipal Council,
Tumkur

Office of the Secretary Municipal Council
28 SEP 1933
No 1557

I took you round the town on the 3rd morning when you were here in connection with the opening of the Co-operative Society building and showed you the great necessity of having drainage scheme completed at an early date A reference has been made to Government through the Deputy Commissioner in this Office No H C 30/33-34 for sanctioning a loan of Rs 1,20,000/- to the Municipality and dare say it has been brought to your notice by now Since the drainage scheme was prepared by the Sanitary Department in May 1930, a sum of Rs 10,000/- has already been spent in putting small connecting drains in the Town and I think a sum of Rs 1,00,000/- will be sufficient to complete the scheme When I mentioned this matter to you here, you were pleased to ask me to write to you stating these facts If you will kindly sanction a loan of Rs One lakh at 5% interest repayable in 20 annual instalments of -- equated payments, you will be conferring a boon on this Municipality I may as well bring to your notice that as per current year's budget, sanctioned by Government on 7-9-1933, the normal income of the Council is in excess of the normal expenditure by about Rs 12,000/- The amount required to be paid every year to repay a loan of Rs.1,00,000/- at 5% in 20 annual instalments of equated payments is only Rs 8024/- So it is clear that the finances of the Municipality permit the repayment of the loan regularly every year I therefore request you to kindly pass orders at an early date sanctioning a loan of Rs 1,00,000/- at 5% repayable in 20 years so that the work may be taken on hand immediately I have already sent a copy of the resolution of the Council ear marking the - toll collections of the Council for the discharge of the loan, along with the last reference from this office

With an earnest hope that you will sanction the loan at a very early date

I am Sir,

Yours sincerely,

K Venkatanna

S P Rajagopalachari, Esqr, B A, B L,

Second Member of Council,

Bangalore

Through The Deputy Commissioner,
Tumkur District, Tumkur

With reference to your letter No H C 30/33-34 dated the 31st July 1933 requesting sanction to the resolution of the Municipal Council that the loan of Rs 1 20 000 for the Drainage Scheme of Tumkur Town be granted at a reduced rate of interest (either at 4½% or any other rate at which money can be raised) to be repayable in 20 annual instalments of equated payments, I am directed to state that Government having in their order No Fl 2317-19/G F 141-32-17 dated the 21st October 1933, sanctioned a loan of Rs 79,558-9-0 to the Municipality, repayable in annual instalments with interest at 5% per annum to enable it to discharge the Tumkur Town Water Supply Debentures raised by it, a sum of over Rs 11,000 is payable every year by the Municipality towards the principal of this loan (as against Rs 8,000 provided in the Budget towards Sinking Fund for the Debentures) If this is taken into account, there may not be sufficient resources at the credit of the Municipality to repay the additional loan of Rs 12,000 now asked for I am therefore directed to request you to kindly send, at a very early date, a report with reference to the present financial condition and commitments of the Municipality, as to whether it will be able to repay the loan now asked for

I have the honour to be,
Sir,
Your most obedient servant,

Dbt). AD

Through -

The Deputy Commissioner,
Tumkur District, Tumkur

Sir,

28 NOV 1933
No L 2647

With reference to your letter No L 2647/ 1 82-33-3 dated - 26/30th October 1933, requesting me to send a report with reference to the present financial condition and commitments of the Municipality - re the payment of the Loan of Rs 1,20,000/- now asked for the drainage scheme of Tumkur Town, I have the honour to state as follows -

1 The Government have in their Order No Fl 2317-19/G F 141-32-17 dated 21st October 1933 sanctioned a loan of Rs 75,558-9-0 to the Municipality repayable in seven annual instalments of equated payments with interest @ 5% per annum to enable the Municipality to discharge the water supply loan Thus the old loan for water supply is fully -- paid up

2 A sum of Rs 8,000/- was being provided in the Budget towards the Sinking Fund for the discharge of the Water Supply Debentures and Rs 6,000/- towards the interest every year i e , Rs 14,000/- were being paid towards the discharge of the loan As per your letter a sum of Rs 11,000/- is to be paid annually by the Municipality towards the loan of Rs 79,558-9-0 recently granted by Government Thus it will be seen that there will be savings to the extent of Rs 3000/- from the amount already provided in the budget for the discharge of the old loan The amount now required for the drainage scheme is only Rs 1,00,000/- as - per my D O No 15/33-34 dated 27-9-1933 The sum required to be paid -- every year to repay this loan in 20 annual instalments of equated payments is only Rs 8054/-

3 It will be seen as per current year s budget sanctioned by Government on 7-9-1933 that the normal income is in excess of the - normal expenditure by Rs 12,000/- and this excess has been arraived at after providing a sum of Rs 14,000/- towards the discharge of the old water supply loan

4 As already shown above the amount that has to be hereafter provided for the discharge of Rs 79,559-9-0 is only Rs 11,000/- Ihefe-fore the normal income of the council will be Rs 15,000/- (Rs 19,000 - Rs 3,000) in excess of the normal expenditure In addition to this -- there will be savings of Rs 3,000/- hich are being provided annually for the construction of drains

5 Under these circumstances, I am of opinion that having -- regard to all commitments the normal income of the unicipality is such as to eanble the Municipality to pay the required amount of Rs 8054/- annually towards the discharge of this fresh loan

I therefore request you to kindly place the matter before the Government and obtain sanction of the loan early,so that the work may be taken on hand immediately

I have the honour to be
Sir,
Your most obedient servant,

K Venkatanna
President,
Town Municipal Council,
Tumkur

SIR

I have the honour to state that proposals in respect of the drainage scheme for Tumkur Town are under consideration of Government

Since the introduction of water supply, necessity for suitable drainage having been felt, the Municipality have urge the execution of the scheme and have prayed for firancial aid from Government in the shape of a loan

Government in their Order No L 9666/M1 29-30-8 dated 8th June 1931 agreed to grant a loan subject to certain condi which the Municipality seem to have accepted, except condition in regard to the period of repayment of loan and rate of inte A subsequent Government Order No L 1210/M1 129-30-10 dated the 15th August 1931 ordered that the matter may lie over for one year

In view of the fact that suitable drainage arrangements for the town are very necessary from the health point of view and as over two years have expired since the second of the Government Orders referred to above, I strongly urge the case of the Town Municipality and request a favourable consideration of the scheme by Government
